Report from Los Angeles-Service officers to fumigate vessels and perform other sanitary duties.

Surgeon Brooks reports, October 26: At a recent visit of Dr. N. K. Foster, secretary of the State board of health of California, to this city, the officers at this station, myself, and the acting assistant surgeons at Santa Barbara, Santa Monica, and San Pedro were appointed by Doctor Foster "agents of the California State board of health for the purpose of fumigating vessels and craft and controlling their movements while at the dock, so

as to prevent the transfer of vermin from vessels to land or land to vessels and for the performance of other sanitary duties." Doctor Foster desired to make these appointments in order to expedite business in case it was necessary to take action against any vessel for violation of present intrastate quarantine regulations.

Report from Seattle, Wash .- No further cases of plague.

Passed Assistant Surgeon Cofer reports:

November 5. No further developments in plague. Will start work Thursday with 4 acting assistants and 45 laborers; latter to be increased.

Report from Santa Rosa Quarantine, Pensacola, Fla.—Malarial fever on steamship Hazlewood from Tampico.

Acting Assistant Surgeon White reports, October 31:

The British steamship *Hazlewood*, 4 days out from Tampico, arrived at this station late on the 29th instant, with 5 of the crew taken ill during the passage with fever, accompanied with high temperatures. Since arrival, 3 more of the crew have sickened, having high temperatures, and to-day 2 more have reported sick, in each case accompanied with high temperatures. Seven of the cases have improved and the men have returned to duty, while the captain and 2 of the crew are still sick.

The vessel has been made clean and has been thoroughly fumigated. The water tanks have been cleaned and fresh water has been ordered

from Pensacola.

Microscopical examination will be made from blood smears.
